5000 Highway 46 West (6 miles west of 101) Templeton, CA

Bring the whole family for a fun afternoon. Step back into a simpler time and connect with the past. Starting with standing wheat we will bind, stack, thresh, sack, clean and grind the grain into flour the same way it was done in the early 1900s. We will have several restored antique tractors on display. Visit with the farm animals, view the growing crops (including a pumpkin patch and gourd field), let the kids play on the haystack, lasso Bailey our dummy roping steer and sample fresh cider, honey, fudge, cookies, baked goods, jams and jellies.

A special thanks to David Barlogio, the Dick & Carson Wiley families, Jim Greer, Ernie Perlich, Tony Busi, Darrell & Milene Radford, Tom Madden, Mike Stainbrook, Bob Barlogio, Casey & Ahrean Evenson, Rodney Wiebe, Glen Newton and Art Von Dollen.

~ This year's event will be dedicated in memory of Jerry Greer ~
